Dear Ms. Rapp Grassetti and the Appointments Committee,

I would like you to consider my application (on file) to fill the vacancy on the Sandy Neck Board. I have been involved with many projects associated with Sandy Neck. Most recently I helped with the repairs at the "Halfway House" and have helped with the construction of the new lean-to building on the Marsh trail. I will continue to work for the betterment of Sandy Neck. I attend many of the board meetings and view the meetings that I am unable to make, to stay current on things happening on Sandy Neck.

Thank You for considering my application.

Sincerely,

Richards French

Chair of Committee thanked Mr. French for applying and coming in to re-interview for the current positions that are up for reappointment on the Sandy Neck Board. Mr. French believes that his prior experience on the Board and his long time service to Barnstable in various aspects would be beneficial to Sandy Neck Board. He has always gone out to Sandy Neck and enjoys the view and all that it has to offer. Consensus is something that is achieved when you listen to

all ideas and then find a solution that meets the needs of all. The Committee members appreciated Mr. French resubmitting his application for consideration; Councilor Neary remembers Mr. French serving on this Committee and also mentioned that he was Chair for a number of years. The Chair of the Committee explained to Mr. French that there are two seats are up for reappointment that currently have individuals that are in those seats, but as explained in the prior meetings of the Appointment Committee the reappointment is not a guarantee and that all seats that expire in June of any current year are also a consideration of reappointment, but not guaranteed, and that the Appointment Committee members would interview anyone that submitted an applications to serve.

Mr. French was under the impression there was a vacancy, Mr. French decided to removes his application from tonight, as he did not want to be considered for one of the reappointed seats. The Committee members thanked Mr. French for his long time service to the Board, as he was Chair of this Committee in past years, as well as the work he has done on various projects in the Town.

Chair of Committee asked the Appointment Committee members if they had any recommendations before they started the Planning Board interviews, so the applicants that were not here for the Planning Board interviews could sign off if they choose to.

Councilor Shaughnessy made a motion to recommend to the full Council Ellen Queeney for the open position on the Council on Aging to a term expiring 6/2025, Councilor Paul Neary seconded the motion; Administrative Assistant Kelly Crahan took a roll call vote:

Councilor Jen Cullum	Yes
Councilor Paul Neary	Yes
Councilor Tracy Shaughnessy	Yes
Councilor Jeffrey Mendes	Yes
Councilor Gordon Starr	Yes

Chair of Committee asked for a motion to accept the reappointment consideration to the full Council of Mr. William Monroe and Mr. William Carey to the Sandy Neck Board to a term expiring 06/2025.

Councilor Jeffrey Mendes made the motion to recommend to the full Council reappointment consideration of Mr. William Monroe and Mr. William Carey to the Sandy Neck Board to a term expiring 06/2025, this was seconded by Councilor Gordon Starr; Administrative Assistant Kelly Crahan took a roll call vote:

Councilor Tracy Shaughnessy	Yes
Councilor Jen Cullum	Yes
Councilor Paul Neary	Yes
Councilor Gordon Starr	Yes
Councilor Jeffrey Mendes	Yes

Councilor Mendes announced he will recuse himself from the Planning Board interviews due to a conflict of interest with an applicant.

Rev 05/17/19

The members of the Committee thanked Mr. Potteiger for coming in to interview tonight. The Committee members enjoyed interviewing him. Mr. Potteiger is new to Osterville in 2021, his grandfather was a drummer, he played for Chatham Bars Inn, he saved his money from that and they were able to buy land in Osterville. He feels a past connection to the past and his history, and wants to

get involved in his community, his background is in the tech world, and believes this experience could be beneficial. He lived in Cambridge for a brief time and was involved in the Planning Committees there, and is very eager to learn new things. Consensus is a process, but to listen to the rules and regulations the Committee operates under and to understand them and then put other ideas that people may have and incorporate those into a solution for all. Mr. Potteiger believes that his enthusiasm to make his community a better one is his passion.

Councilor Neary thanked him for coming in and wanting to get involved in the community, and mentioned that Cambridge is a very unique community and a lot of times comes in first with a lot of things, and asked how he got involved in Planning. Mr. Potteiger worked as an aide for one of the Councilors, so he was able to get information and it became very interesting to him.

The Appointments Committee members mentioned that if he was not considered for the Planning Board that he may want to look at other Committees to serve on. The Committee members liked his enthusiasm in becoming a member on a Committee as he just moved here a while ago and would like to make his community better and if he can serve on a Committee to do that it would be great. The Chair the Committee explained that there was a Local Comprehensive Planning Committee put together to look at the long range planning in Barnstable, and he could possible look for those meetings and attend as a resident during Public Comment, and also there is still an opening on the Zoning Board of Appeals if he was interested in that he could come back in July for an interview, as well as on the Comprehensive Financial Advisory Committee.

Mr. Teague grew up on the Cape and has lived in both Barnstable and Yarmouth, graduated from Dennis Yarmouth, served the Country in the Army Corp of Engineers, he owns a building company in

West Dennis that has built over 1500 homes on the Cape, he was on the Planning Board from 2008 to 2014 and three of those years he was Chair, he believes his expertise in building would greatly help the Planning Board, he knows the very thick and cumbersome zoning areas and regulations that are here on the Cape, and feels that that knowledge is beneficial, he has recently moved back into Barnstable. He has a passion for serving his community, and would like the opportunity to do this. He has worked on a number of projects outside of Barnstable, but feels that the same type of models would work here as well. He believes that housing is an issue no matter where you live but particularly hard here on the Cape because of the area and the surround protections we all need to pay attention to. Consensus is difficult to achieve if it's all one sided, so both sides and all opinions matter. Housing on the Cape is a challenge due to the restrictions we have in place with water sheds and nitrogen loading; he is a big supporter of Smart Growth Development Programs that have been around for a number of years, much of that is in place already, the challenge is creating equity in housing, the ADU program is a beneficial one, which is the main reason I left Barnstable, and moved to Yarmouth because I was able to buy a home with an ADU and gain equity. Barnstable's biggest problem is wastewater, even though Barnstable is ahead on this, we are always going to be chasing it, so building is an issue and will be an issue for the long term because of the wastewater issues. The Committee members thanked him for his interview and applying again for consideration on the Planning Board.

Re: Appointment to Boards/Commissions/Committees

Dear Members of the Town Council:

I would like to apply for appointment to a board, commission or committee of the Town of Barnstable. I have attached an Application Form, resume and additional summary of qualifications.

I would like to be appointed to the Planning Board, Economic Development Commission (or its successor), the Zoning Board of Appeals, or the Historical Commission, in that order of preference.

My wife and I have lived in Barnstable since 2013. We became full-time residents in December of 2018 upon my retirement as a judge of the Superior Court of California in Sacramento. Prior to that time, we were part-time residents four to six weeks per year.

I was a Superior Court judge for ten years. I served in the Felony Trial Division, the Juvenile Delinquency Division, and the Appellate Division (concurrent with assignment to felony trials.). I was appointed by Governor Schwarzenegger in 2008 to fill an unexpired term. I subsequently was elected in my own right to a six year term in 2010, and re-elected for an additional six year term in 2016.

Prior to being appointed to the Superior Court, I was an Assistant United States Attorney and Senior Trial Attorney for the United States Department of Justice in Washington, D.C. and Sacramento, California for approximately 25 years.

I was the United States Attorney for the Eastern District of California during a portion of the Clinton Administration. The Eastern District of California includes 34 of California's 58 counties, and extends from the Oregon border to the Los Angeles County line, and from the Coastal Mountain Range to the Nevada state line. The population while I was in the office was approximately 7,600,000 permanent residents.

United States Attorney is at federal paygrade ES-IV, which is the grade of an Assistant Secretary of Defense, or Assistant Secretary of State, or other federal cabinet level department, or General Counsel of the Department of Defense, or Department of State, or Assistant Attorney General of the Criminal, Civil or Tax Divisions of the Department of Justice.

In addition to serving as the United States Attorney, I also held Senior Executive Service ("SES") positions as the First Assistant U.S. Attorney, Executive Assistant U.S. Attorney, Chief of Organized Crime, Narcotics and Violent Crime, Chief of National Security and Anti-Terrorism, and Senior Litigation Counsel.

I served in the United States Army for over 20 years, four of which were on active duty and 16 plus of which were in the reserve component. I served as a trial judge in the U.S. Army Trial Judiciary for eight years, and I taught Criminal Trial Advocacy on the faculty of the U.S. Army Judge Advocate General's School for eight years. Prior to law school and entry onto active duty in the Army, I was a field agent with the Internal Revenue Service in Boston for more than three years.

A long time ago, before I went on active duty in the Army, I lived in Hyannis and worked at the [now closed] Howard Johnson's restaurant on Main Street. I also worked at Pancake Man in Dennisport, and was a police officer for the Town of Dennis.

My undergraduate concentration at the University of Massachusetts, Amherst, was in Urban and Regional Planning. I was the student member of the University of Massachusetts Master Planning Committee for one year as an undergraduate.

In addition, I have completed 60 graduate credits in urban and regional planning, including all of the courses normally required for the professional M.C.P., M.U.P., or M.U.R.P. degree. Included in that graduate work are two 4 credit courses in Urban Design, each of which required preparation of a plan for development of parcels of land ranging from 250 acres to 650 acres. I have completed a Certificate of Advanced Graduate Study ("C.A.G.S.") in Urban and Regional Planning at the University of California.

I completed an undergraduate major in economics at the University of Massachusetts, and have taken several graduate level courses in Economics. In addition to traditional urban planning courses, I have completed course work in urban economics, economics of urban planning, economics of community development, municipal government, and history of the American city. I completed a lengthy economic history of the Town of Barnstable, beginning in 1602, for my course in economics of community development at the University of California.

I have taught as an Adjunct Professor for fifteen years at Kansas State University, California State University at Sacramento, the U.S. Army Judge Advocate General's school in Charlottesville, Virginia, the University of California at Davis School of Law, and The University of the Pacific.

I have published six law review articles on various topics in criminal law, constitutional law, and international law in the *Akron Law Review*, the *Pepperdine Law Review*, the *Creighton International and Comparative Law Journal*, the *Dartmouth Law Journal*, the *Army Lawyer*, and *The Advocate*. I also had an additional law review article in federal tax law accepted for publication by the *Santa Clara Law Review*.

In addition to my 60 graduate school credits in Urban and Regional Planning, I received a B.A. from University of Massachusetts at Amherst, earned a Master's Degree in Criminal Justice at Kansas State University, and a Master's Degree in National Security Studies from the U.S. Army War College. I also graduated from the U.S. Naval War College at Newport, Rhode Island.

I am an Honors graduate of the University of San Francisco School of Law, where I was a member of the McAuliffe Society signifying the top 10% of the graduating class. I also earned an LL.M. from Georgetown University Law Center, where I was a Dean's List graduate.

I have retired from the Superior Court, and moved back home to Cape Cod. Having retired from the Court, I want to become involved in local public affairs in my home town. I can be reached by U.S. Mail at 44 Curry Lane, Osterville, MA 02655, or by email at bobtwiss81@gmail.com, or by telephone at 916-804-8202.

Thank you for your assistance and consideration in this matter.

Very truly yours,

Chair of Committee thanked Mr. Twiss for coming in to interview for the seat he currently holds. Chair of the Committee explained that this Committee decided that it would be in the best interest of all that any Board/Committee/Commission that are regulatory and an individual is up for reappointment that the Committee also re-interview that individual as well as anyone that may have submitted an application

within a two year period, providing they have reached out again to show interest for consideration, which is why he is here tonight.

Mr. Twiss believes consensus can be reached as long as everyone listens to everyone's ideas and comes up with a solution that will benefit the Town. It often is not easy to do, but a goal that is achievable with discussion and compromise. Mr. Twiss has been on the Planning Board since 2019 when he was first appointed and has very much enjoyed serving on the Committee along with its other members. His experience on the Planning Board so far has been a positive one, but the issue lately with the housing crisis is not unique to Cape Cod, we are in an area that has different overlay areas, all sorts of Zoning areas, and ordinances that go along with them, he feels that he has a very good knowledge of the Zoning here in Barnstable, but we also have a lot of challenges, currently with the rising costs of building, we need to come up with creative housing, using space above retail, not always necessarily looking at taking up land, but build on top of buildings we already have, with the infrastructure already in place without having to add new.

The Chair of the Committee thanked Mr. Sexton for coming in tonight to interview for the seat he currently holds; Mr. Sexton believes that consensus can be reached but it takes compromise, listening because you often get general opinions; majority opinion; and then some are common opinions, and often you can come up with a solution from all of them. Mr. Sexton has served on the Planning Board from 2019 to current, and has really enjoyed being on this Committee. The Planning Board usually can

come to consensus at our meetings after we have had discussion. Housing here on the Cape is a challenging one, what may work in other Communities may not necessarily work here, just like Mr. Twiss said our wastewater is our biggest issue, and how do you do growth with that. One of the biggest discussions is density and how to work around that, we do have a lot of Commercial buildings we should be looking at and be going up, any new growth Commercial should be looking at that as well, the other issue right now is building costs, there is not any incentives for individuals that want to either add on to an existing home, or an addition is very costly and really undermining the goals we have. Wastewater is going to be our biggest challenge moving forward and we need to balance that with new growth and housing, but come up with creative thinking and different ways of doing it.

Rev 05/17/19

The Chair of the Committee thanked Ms. Edwards for coming in tonight to interview; Ms. Edwards explained she is new to Oosterville, moved from Plymouth, owns a mortgage company in Oosterville, and her primary passion is empowering homeownership to individuals. She recognizes all the changes already to Barnstable since she grew up here, but also recognizes there a lot more to do. She is not a fan of big business or chains here, because they pack up and leave, it's the mom and pop stores that really make a community, and there is room for this as long as we can educate people enough where they are comfortable in taking the chance or risk. Ms. Edwards believes that her experience in the mortgage industry could benefit the members on the Planning Board; she has a tremendous energy that she would like to spread to others and really get to the problem solving. Housing is tough on the Cape especially if you're at the lower end of salary, there is housing that is needed for our workforce, however it has to be affordable, and right now what is considered affordable is not, and that is due to the cost of building, so we need to be creative in our thinking in order to keep those who want to work and live here the affordability to do so.

Chair of the Committee thanked Ms. Edwards for coming in for another interview, and mentioned that currently her Precinct does not have a Councilor, and with her energy and passion for the Town, she should consider running for that seat.

Chair of Committee thanked Mr. Gilliland for coming in to interview for the open position on the Airport Commission, and explained that they will be interviewing another candidate on July 19, 2022 and will make a recommendation to the full Council after that interview.

Mr. Gilliland is a retired Airline pilot for Delta Airlines, and has a passion for anything aviation. He feels that he has enough knowledge of aviation to become an active member on the Airport Commission. Since retiring in June of 2021 he has missed the flying portion of his job, but he was forced to retire because of the regulations on Commercial pilots, that once you reach a certain age, they ask you to retire; not really ready to do that he thought his expertise in aviation would be beneficial to the members on the Airport Commission.

Chair of the Committee expressed how much our Airport has grown under the direction of Katie Servis, the Airport Manager, she is a valuable asset to the Town, and has really tried to bring people into the Airport to experience all it has to offer.

Chair of the Committee asked for any discussion regarding the applicants who were interviewed tonight and asked if anyone would like to make any motions for the Planning Board.

Councilor Shaughnessy thought the individuals they interviewed tonight have a lot of desire to serve the Town in whatever capacity they can, and we should be grateful for that. We have a very talented pool of individuals that come before us hoping to serve on a Committee and that should be commended. Chair of Committee would like to see Mr. Teague become a member on one of our Committees, he speaks to us with a lot of compassion and great ideas that we need to channel, and we should use his talents somewhere. Councilor Neary recommended Mr. Teague serve on the Planning Board in 2019, but unfortunately he did not get the number of votes needed to advance to the next step, but agrees with Councilor Cullum, that he has the energy and passion and truly care about Barnstable, with that being said, Councilor Neary and Councilor Shaughnessy and Councilor Starr felt that the two individuals currently up for reappointment have extensive resume's as well as 3 years' experience on a Board that is a regulatory board; and to change that in any way with the Zoning that is currently before the Planning Board or for those that come in the future, these regulatory boards need the experience and the knowledge moving forward, and feel that the two individuals should continue, Chair of Committee agreed that their resumes are very impressive and we are very lucky to have this type of talent and knowledge on the Planning Board. Chair of the Committee asked the Appointment Committee members if anyone would like to make a motion. Councilor Shaughnessy made the motion to recommend to the full Council Mr. Twiss and Mr. Sexton be reappointed as regular members to the Planning Board to a term expiring 06/2025. This was seconded by Councilor Gordon Starr; Administrative Assistant Kelly Crahan took a Roll Call vote of the members.

Councilor Jen Cullum	Yes
Councilor Paul Neary	Yes
Councilor Tracy Shaughnessy	Yes
Councilor Gordon Starr	Yes

ADJOURNMENT: There being no further business, and upon motion duly made by Chair of Committee asked for a motion to adjourn; Councilor Tracy Shaughnessy made the motion to adjourn; this was seconded by Councilor Paul Neary; Administrative Assistant , took Roll call vote.

Councilor Jen Cullum	Yes
Councilor Paul Neary	Yes
Councilor Tracy Shaughnessy	Yes
Councilor Gordon Starr	Yes

NEXT MEETING June 21, 2022

Adjournment: 7:15pm
