

## LATEX PAINTS

Non-Hazardous Paints - **DO NOT BRING TO HHW COLLECTIONS**. Latex or acrylic paint, stains and wood finishes are not hazardous and can be disposed of in the trash **if dry**. Large quantities of latex or acrylic paint can be absorbed with clay-based kitty litter. Pour kitty litter into a box or container, then pour the paint into the container and stir. Add kitty litter until you can't stir anymore. Put the container with the absorbed paint into the trash.
